Program of Study Validation / CAE Designation Summary

Institutions wishing to earn the **Center of Academic Excellence in Cyber Defense (CD) Designation** for a particular program of study will apply in two parts.

**Part 1: Program of Study (PoS) Validation:** The process will begin with the submission of elements pertaining to the academic program of study. Elements include: curriculum, student and faculty profiles and your institutions continuous improvement plan. Institutions must successfully validate one program of study before moving on to the CAE designation application. An institution can submit multiple cyber defense programs of study validation applications (one per submission cycle).

**Part 2: CAE Designation:** Once one program of study has been validated, the institution may pursue a designation. To be eligible for designation, the academic institutions must hold a current regional accreditation as outlined by the Department of Education (https://www.ed.gov/accreditation). Institutions are restricted to one CAE-CD application per institution.
