

WCTC Campus

The vision of **Waukesha County Technical College Center for Cybersecurity Education** is to provide world-class cybersecurity education to future workforce professionals, businesses and institutions. Our objective is to provide a venue for education and research in information assurance, computer network security, digital forensics, cryptography, risk assessment and mitigation, disaster recovery and business continuity management, security regulations and compliance, and information security management.

The WCTC Center for Cybersecurity Education resides within the School of Business located on the main campus of Waukesha County Technical College at 800 Main Street in Pewaukee, Wisconsin.

Waukesha County Technical College was the first

college in Wisconsin that has been recognized by the National Security Agency and the Department of Homeland Security as a National Center of Academic Excellence in Information Assurance / Cyber Defense education (CAE-2Y). This designation helps our students as they enter the workforce or transfer to four-year schools, conveying that they graduated from a program nationally recognized for its excellence and alignment to the highest information security standards for two-year college education.

WCTC's cybersecurity programs offer multiple degree and certificate options that lead to the CAE-2Y designation and opportunities to transfer to complete a 4-year bachelor degree. Many student activities extend learning beyond the classroom and enhance professional development.

DESIGNATIONS

- CAE - Cyber Defense 2-Year Education
