

Augusta Technical College Campus

Augusta Technical College is the first two-year Technical College System of Georgia (TCSG) institution to hold the National Center of Academic Excellence in Cyber Defense Two-Year Education (CAE2Y) designation. The College has a long-standing tradition and successful history of producing quality IT graduates. Along with Cybersecurity, we also offer degrees in Computer Programming, Networking Specialist, and Computer Support, as well as specialized Technical Certificates of Credit and numerous industry related certifications.

The Computer Programming Specialist program has been producing well-trained and competent programmers for over 30 years. During the same time period, the Computer Support Specialist program has been producing graduates fully prepared to fulfill multiple occupational roles in

support of current computing infrastructure trends to include data center operations, virtual machine computing, and cloud service technologies.

The Networking Specialist program, which was the first in the Technical College System of Georgia (TCSG), was started over 20 years ago. This program has adopted new and emerging networking technologies to meet the needs of local and state industry. Augusta Technical College was designated a Cisco Networking Academy over 20 years ago, as well as a Microsoft IT Academy for 14 years. The networking classes have always had a strong emphasis on security practices. The program has been taught in a performance-based environment with the occupational goal of preparing students to be workforce-ready and able to pass industry certifications during and upon completion of their programs.
