

Long Beach City College (LBCC) consists of two campuses with an enrollment of more than 25,000 students each semester. LBCC is one of the largest and oldest California community colleges in the state. Founded in 1927, LBCC is committed to providing delivering high-quality educational programs and support services to our diverse communities.

LBCC serves the cities of Long Beach, Lakewood, Signal Hill, and Avalon and promotes equitable student learning and achievement, academic excellence, and workforce development by delivering high-quality educational programs and support services within four schools housing its instructional programs. Long Beach City College's primary purpose is to prepare students for transfer to baccalaureate-granting institutions, career

development, and to support the community through economic development programs. The College's reputation is further enhanced by innovative partnerships like the Long Beach College Promise 2.0.

The LBCC Computer Networking and Security program offers both an Associate of Science and Certificate of Achievement that are recognized as National Security Agency Center of Academic Excellence-2Y awards. The program began in 2013 and is one of the largest onsite cybersecurity programs in the state of California. It focuses on hands-on, up-to-date, practical skills in cybersecurity and information technology fundamentals. Prior graduates are working for the Department of Defense, Microsoft, Sony, East West Bank, and the Central Intelligence Agency.
