

Cybersecurity Across Disciplines

CYBERSECURITY ACROSS DISCIPLINES CONFERENCE 2023

The Cybersecurity Across Disciplines (CyAD) Conference is a one-of-a-kind event that brings together community and technical college faculty from various disciplines to learn about cybersecurity and how it applies to their specific field.

Travel Stipends Available!

About the Conference

Community and technical college faculty in **manufacturing and automation, critical infrastructure, business, healthcare and life sciences, automotive and autonomous systems** and other disciplines are encouraged to attend.

- No cybersecurity experience or knowledge needed.
- Workshops will be held to build and incorporate cybersecurity knowledge within the above fields.
- Faculty are invited to submit a **proposal** that addresses challenges faced in teaching cybersecurity and/or teaching the above topics.
- Customized training, case studies, and scenarios will be provided for each discipline.

Don't miss out on this opportunity!

August 1-2, 2023

Moraine Valley Community College
9000 W College Pkwy.
Palos Hills, IL 60465
