NCYTE CENTER

2020 CAE Designation and Scholarship For Service (SFS) Workshop

Hosted by:

San Antonio College

Presented by:

Corrinne Sande
Friday February 14, 2020

2020 CAE Workshop, 8:30am – 3:00pm

The 2020 CAE workshop will review the required two-part application process required for designation as a Center of Academic Excellence in Cybersecurity (CAE) in Cyber Defense.

Part 1: Program of Study Validation

Training on the process and materials needed to successfully validate your program of study before pursuing the CAE designation.

Part 2: CAE Designation

The second part of the training will review the required criteria and the necessary resources, capacity and processes needed to successfully earn the CAE designation.

Scholarship For Service (SFS) Workshop, 3:00pm – 5:00pm

The SFS workshop will provide an overview of the National Science Foundation Funded Scholarship for Service grant program that is now available to CAE designated community colleges. The program is designed to recruit and train the next generation of cybersecurity professionals to meet the needs of the cybersecurity mission for federal, state, local, and tribal governments.

To register for the workshops, complete the on-line registration
