St. John’s University Division of Math, Computer Science, and Science where the Cyber Security Systems program is housed consists of 15 full time faculty members. The Division serves nearly 300 full time students pursuing B.S. degrees in Computer Science, Cyber Security Systems, and Information Technology. All 3 undergraduate programs are ABET accredited.

The B.S. degree in Cyber Security Systems is accredited by the Middle States Commission on Higher Education, New York State, and ABET (2023). Furthermore, the Cyber Security Systems B.S. degree is designated by NSA as a Program of Study (PoS) under St. John’s University Center of Academic Excellence in Cyber Defense (CAE-CD) which is the central point of information with respect to the multidisciplinary research, education, training, and practice in the field of Cybersecurity. This universitywide center has been created with the vision to promote collaboration and interaction with other students, faculty, and programs within St. John's University and the Cybersecurity community as a whole.

St. John’s B.S. in Cyber Security Systems prepares students with a highly-technical, in-depth, and hands-on Cybersecurity curriculum which is facilitated in our state-of-the-art Cybersecurity lab and other supporting labs. Our B.S. in Cyber Security Systems allows students to concurrently (without any time extension) pursue minors which are in high demand by Cybersecurity employers such as Data Science, Digital & Mobile Forensics, Homeland Security, and Criminal Justice. Cyber Security Systems graduates enjoy, within 6 months of graduation, a 94.7 advancement rate in either a Cybersecurity related job or a graduate program in Cybersecurity or similar discipline.

St. John’s also offers a M.S. program in Cyber and Information Security which is validated by the Department of Homeland Security (DHS) and the National Security Agency (NSA) as a Program of Study (PoS) in Cybersecurity through academic year 2029.
