Cybersecurity is one of the fastest growing fields in the world. In fact, there are more open cybersecurity positions than qualified cybersecurity professionals who can fill them. From obtaining cybersecurity certifications, studying cybersecurity-related degree programs, to getting hands-on learning experience, students have more opportunities to join the cybersecurity workforce than ever before! Come meet a cybersecurity professional and learn more about a day in the life of a cybersecurity practitioner as well as exciting career opportunities during the 2018 CAE Virtual Career Fair.

Latasha Mccord

Education Program Analyst, Cybersecurity Education & Awareness Branch Office of Cybersecurity and Communications

Latasha McCord is the Education Program Analyst for cybersecurity formal education programs in the Cybersecurity Education and Awareness (CE&A) branch of the Department of Homeland Security's (DHS) Office of Cybersecurity and Communications (CS&C). CE&A promotes and

Andrew Garnett: <https://www.linkedin.com/in/andrew-garnett-3b260080/>

Erin Smith: @Kaitlyn @ Tommy Thank you both

Amol Soneji: hello?

Amol Soneji: Good afternoon. I am currently doing a masters in the Information, Network, & Computer Security MS program at New York Institute of Technology. Any positions available in New York City?

Amol Soneji: Internship or Part-Time positions.

Taylor Sulman: Anyone still here? <3

Tim Conner: yes!

Taylor Sulman: Oh hey, Tim!
